PRESS RELEASE

Cribis Dun & Bradstreet recognizes COIM's maximum economic and commercial reliability

Milan, 05.7.2024 - **COIM**, a world leader in the chemical industry, has received recognition from Cribis Dun & Bradstreet as a **Prime Company**, which certifies the company's level of economic and commercial reliability and represents a guarantee for all organizations that choose **COIM** as a marketing partner.

Cribis Dun & Bradstreet **Prime Company** certification is an extremely prestigious recognition awarded, each year, to just **7%** of the over six million companies operating in Italy. The rating is a synthetic indicator that calculates the probability of a company committing a serious breach of sales contract on the basis of a statistical algorithm. The variables used to make the calculation are numerous and include, among other things, **D data**, the statement of **assets and liabilities**, the **company history**, its record of **payments** and the **presence of negative information**.

"Having been awarded this certification, COIM further confirms its commitment to sustainable corporate management not only from the environmental viewpoint but also from the economic and financial viewpoints." explains **Giuseppe Librandi, President and CEO at COIM**. "Ensuring continuity and reliability is one of the key values on which our operation is based". Concludes Mr. Librandi.

C.O.I.M. S.p.a. is the brainchild of Mario Buzzella and Cesare Zocchi, two entrepreneurs driven by the same passion for chemistry, who founded the company in 1962 to meet the increasing demand for chemicals resulting from a booming economy. 62 years later, COIM Group is an Italian multinational company that develops, produces and sells chemical specialties for the manufacturing industry worldwide, guaranteeing a local presence through 19 companies - of which 9 specialized production and R&D sites - in Italy, Singapore, India, USA, Brazil, Spain, Austria and the Netherlands. Over 1,350 specialised collaborators are committed to meeting customers' expectations with three main product families:

1. *Polyesters and polyols;*
2. *PU Case: coatings, adhesives, sealants, and polyurethane-based elastomers;*
3. *Polyesters and special resins.*

COIM can meet technical, commercial, and logistics needs of customers located in 90 countries for a turnover of 1 billion euros. This is possible thanks to its integration of raw materials, focus on polyurethane systems, a wide and diversified offering - 18 product ranges from polyesters to PU systems -, and a large production capacity.
